Does your child love Singing, Acting and Dancing? Would they like to meet a West End star?

'FROZEN' WEST END WORKSHOPS

Tuesday 28th May: FULHAM at St Johns Walham Green Primary School, SW6 6AS

Wednesday 29th May: RICHMOND at

Christ's School, Queens Road, TW10 6HW

Times: 9am - 3.20pm Cost: £105 per child Sibling discount available.

cast of Frozen The Musical from the West End. The workshop will cover learning the songs, scenes, and dance routines from the show, and the industry professionals will also share their insider tips and stories to help improve the children's performance skills. The workshop will be divided into smaller age-specific groups, and children are required to bring a nut-free packed lunch with snacks and water.

o apply contact: :mail: swl@littlevoices.org.uk :all: 0208 088 0113 vww.littlevoices.org.uk £10 off or Little Voices students!

Year 1 - Paper Engineering Workshop

This week, Year 1 took part in a paper engineering workshop. Robert Crowther showed the children how to create pop up cards.

CCHT London to Paris Bike Ride 21st—23rd June

If you are interested in a personal challenge, a very enjoyable weekend away, bonding with fellow CCHT parents and raising significant funds for our schools, then this is the weekend for you! Join our group of parents, both past and present, governors and staff for a scenic and steady ride (no boy racers please!) from Christ Church to the Champs Elysees. The route we will be taking is below and your accommodation, ferry journey and return Eurostar journey home will be your only personal costs (bar the bar and evening refreshments!) All abilities welcome, you really just need a bike, and we encourage the more the merrier—the only benefit of booking in early is so that you can reduce your travel costs and join in on the regular group training sessions. If you would like to hear more the trip, please contact:

Charlie Combe on 07747796124 or Tim McKean on 07917461987

DAY 1 - 65 Miles London to Newhaven Ghent Dunkirk Calais Brussel 3 Southampton Brighton O Newhaven A16 1111111 DAY 2 - 75 Miles Dieppe to Beauvais **Amiens** DAY 3 - 50 Miles Dieppe Beauvais to Paris Le Havre Rouen O Beauvais nsey Beaucai A13 Caen **O**Paris

Recommended Read

Outside In: Nature Poems (ages 6-8 & up)

Author: Daniel Thompson Illustrator: Julia Murray Publisher: Collins

Miles

This is a wonderful collection of 50 poems which are inspired by the natural world. Each poem explores and celebrates a different aspect of nature, from animals, plants and wild spaces to weather, seasons and evolution.

There's something for everyone in this thoughtful compilation: Mud is a joyful verse which revels in the squelchy delights of sticky mud; a poignant poem entitled Always Look for Sunshine encourages readers to hold on to hope, even when the skies are gloomy and grey; Your Garden is Amazing! celebrates the wonder of the smallest things, such as a spider's web, a rose's thom or a snail's glistening trail; and Two Sides of Nature can cleverly be read from start to finish and then in reverse, to provide two opposing viewpoints about the value of nature.

Perfect for anyone with a love of the outdoors, this collection is ideal for classroom use and is sure to inspire budding young poets to take their inspiration from the environment. Charming, colourful illustrations fill every page, helping to bring the poems to life.

English- We continue to learn about different roles, jobs and people who help us. This week, our story focus has been 'Tessa the Teacher'. The children wrote down a description of a teacher's job.

Some children said:

- "The teacher rings the bell."
- "The teacher asks the children to line up."
- "The teacher takes the register."

In Alphabet code, the sounds we know are:

/s//a//t//p//i//n//m//d//q//o//c//k//ck//e//u//r//h//b//f//l//ff//ss//ll//j//v//w//x//y//z//zz//th//ch//sh//qu//ng//ai//ee//igh//oa//oo//ar//or//ur//ow//oi//ear//air//er//ay//oy/

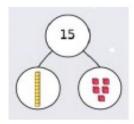

This week the children reviewed the following sounds:

/oi/ - coin, spoil, boil

/oy/- boy, toy, royal

Please continue to practise all tricky words at home.

Maths - In Maths, we have been practising how to count up to 20 by grouping objects in 10's and 1's. When given a higher number, instead of counting objects one by one, we would like the children to visually see a group of 10 and then count on from 10 in ones.

Year 1

Friday 10th May 2024

Dear Parents,

In English, we continued our topic of Hibernation Hotel. This week, the children researched facts about brown bears, skunks, racoons and beavers. Then, they wrote a non-chronological report where they included subheadings and the main facts about those animals. We also listened to the story *Hibernation Hotel* and wrote predictions based on what they thought it could happen.

In Maths, we have started a new unit: Multiplication and Division. This week, the children have been counting in 2's, 10's and 5's. We have introduced the concept of multiplication by counting how many groups of 2, 10 and 5. Next week, we will learn about grouping and arrays.

In Alphabet Code, we reviewed the different codes for /ee/. We learnt /ee/ as in see, /ea/ as in tea, /ey/ as in key, /y/ as in happy, /e/ as in me and /e-e/ as in concrete.

The children enjoyed a fabulous paper-engineering workshop led by Robert Crowther. He shared many of the books he has designed and written- the children were simply fascinated! Then they had a go at making their own Forest School inspired pop-up cards.

Forest School: information about Forest School has been sent on a separate e-mail:

Confirmed dates and	1. 19 th April 2024	2. 26 th April 2024	3. 3 rd May 2024	
times:	4. 10 th May 2024	5. 17 th May 2024	6. 24 th May 2024	
Time of Arrival:	10:00	Time of Departure	12:00	

Wishing you a wonderful weekend,

Miss Martin

Learning at Holy Trinity in Year 2 Friday 10th May 2024

Today we had an incredible time enjoying fruity Friday! We will show you some wonderful photos next week.

Thank you so much for all the hard work you have been doing at home to ensure our children are reading widely — we have noticed an increase in adventurous vocabulary coming through into our writing this week. We have used inspiration from 'Ocean meet sky' to write our own story about missing a loved one and remembering the adventures we had together. This writing will be finalised and published next week for you to enjoy.

In maths, we are learning to tell the time to 5 minute intervals. Ensuring that we use the phrases past the hour and to the hour. Please continue to Practice this regularly, I have set examples for homework.

In science, we have progressed or understanding of lifecycles and growth by drawing and labelling the metamorphosis cycle of a frog. Y2 Were very interested to see how different frogs Yeung look to them as adults.

In design and technology we have practised our running and cross stitch in preparation for next Tuesday afternoon — a big thank you to any adults that would be able to join us as we are going to attach the front and back of our coat.

In history, we have learnt about the great Explorer, Neil Armstrong and his mission to the moon. We thought about the team that it took to achieve the success, including Katherine Johnson who was a mathematician to plan the route for the astronauts.

This week we opened a reflective space in the classroom for children to write prayers and moments of gratitude. We have been flown away with the kindness and appreciation shown,

Please rest well over the weekend!

Reminders:

- Amazon Wishlist
- DT afternoon 14th May
- Sharing in assembly 17th May
- Practice Materials
- Ice Cream treat Friday 24th May

Many thanks, Miss Peach

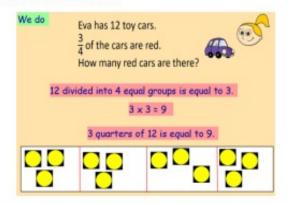

Learning at Holy Trinity in Year 3

Friday 3rd May 2024

This week in English, we continued to work out writing techniques to improve the quality of our written work. We focused on beginning a sentence with an emotion or emotional phrase and using subordinating conjunctions to show comparisons, for example: The Stone Age boy and I have lots in common since we both enjoy drawing.

In Maths, we looked at finding both a unit-fraction of an amount, and a non-unit fraction of an amount.

In science, we started our new unit all about plants. We began by identifying the different parts of a plant, and then we learnt about each part's function in more detail.

In History, our classroom was transformed into a Roman Museum. We looked carefully at different artefacts, discussed their possible functions and learnt about their uses.

In Art, we created our own character which we will be illustrating next week. We will be using techniques inspired by Quinten Blake and Julia Childs to create our illustrations.

This week, we went on a trip to the British Museum to see the Legion: Life in the Roman Army exhibition. This was a wonderful opportunity for us to see some real Roman artefacts. Thank you to everyone who came along to help us Have a lovely weekend,

Miss Quirke and the Year 3 Team 3

Reminders:

Reading books and Homework- To be returned to school on Wednesdays

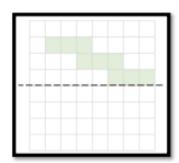

Highlights of this week include:

Maths

This week we explored:

- Comparing angles
- Recognising and drawing lines of symmetry on shapes
- The qualities of quadrilaterals, by considering if they have equal sides, parallel lines, and right angles. We also explored triangles and learnt to recognise isosceles, equilateral and scalene triangles.

Interpreting graphs and charts.

English

Children made a plan for the ending of The Girl and the Robot. This involved using coordinating conjunctions, prepositional phrases and organising their ideas into themes.

Science

Year 4 travelled to Kensington Allotment Garden to learn about food growing and composting. We also got close to invertebrates living in the soil. These included worms, woodlice, centipedes, and beetles! We also looked at the seasonal fruits and vegetables growing in the allotment garden. We ended our trip with a run around the park, before a picnic lunch.

History/DT

This week we were joined by Robert Crowther, an artist who specialises in making popup books. During our session, he taught the children how to make two ancient Egyptian themed books. One depicting a pyramid, and the other the Nile River. To make pop-up books, Year 4 had to measure and calculate (maths); use their knowledge of ancient Egypt; be creative and also use plenty of hand-eye coordination.

Have a lovely weekend!

Learning at Holy Trinity in Year 5 - Friday 10th May 2024

Year 5 has had a lovely week!

We have finished off our Life Cycles Science unit, ready to get into Reproduction once we get back to school (please remember, this is a unit primarily focusing on the reproduction of plants). In Maths, we have been continuing our decimals/fractions unit, and have now finished our Information Reports in English. We have spent a lot of time looking at mythology, Greek vases and the importance of Drama in Ancient Greece over the last fortnight - we are now very knowledgeable about the religion of the Ancient Greeks!

We are off to Osmington Bay on Monday. Here are some reminders. Please also remember that your children must have a packed lunch and a reusable water bottle for the first day.

DEPARTURES AND ARRIVALS

- Departure day :Monday 13th May 2022
- Arrive at school as usual 8.30 arr
- 9.10 am departure please stay to say good- bye if wish
- Children must wear school PE kit with trainers (no school shoes
- Day bag rucksack, coat and packed lunch (all deposable packaging please)
- Pack a sturdy water bottle to use for the weel
- Friday 17 th May we depart at 12.00am (packed lunches will be provided by the centre)
- Arrive at school 3.00-4.00pmpm depending on traffic
- We will phone the office/parent rep to let you know of arrival time.

OTHER BITS ON DAY OF DEPARTURE

- Pocket money envelopes—on the day £6.00 in £1 coins envelopes will be given to children to bring money to school day of departure and give to an adult. The money is for sweets and small toys at the tuck shop. Please do not bring any more money as £6.00 is more than enough.
- No extra sweets Mrs Davies will bring mints for the coach.
- Medicine- put in a named envelope with full instructions there will be a member of staff collecting meds on the day of departure.
- If required, travel sickness pills need to be taken 1 hour before departure. Staff will give them out for the return journey

DAY OF DEPARTURE

Day of Departure - What do they wear and what do they bring?

- Track suit bottoms/shorts
- PE sweatshirt
- PE polo
- Trainers
- water proof jacket
- Rucksack (day bag size) they will empty this on arrival and use during the week
- Packed lunch (no fizzy drinks, sweets or nuts) all containers need to be disposable
- water bottle (a strong and reusable)

BED LINEN & NIGHT WEAR

Bed linen isn't supplied so your child will need to bring:

- PILLOW and PILLOW CASE
- SLEEPING BAG | If you do not have a sleeping bag and cant borrow one from family or friend email Mrs Davies as the school has a limited number of spares
- The under sheets are supplied by PGL

Your child will also need to bring:

- Pyjamas
- Dressing gown
- Slippers

I can't wait to see you all bright and early on Monday morning!!

Miss Pollard-Brown and the Year 5 team

Learning at Holy Trinity in Year 6

Friday 10th May 2024

This week in Maths, we looked at working with statistics, using them to understand and create line graphs, pie charts and finding the mean of a given amount. We have also put great focus into revising all concepts covered over the last two years; focusing on fractions, area and a range of problem solving.

In Reading and English we have been practising our comprehension skills, focusing on the 'give evidence' questions. We have been practising quoting the text to support our answer.

Please continue working through your SATs workbooks over the weekend, they are an excellent resource.

Although it is important that you revise this weekend, make sure you have a break too. I could not be more proud of you all and as I have said to you in

person, I feel confident that you are all going to do so well next week.

Remember that you are all brilliant, hardworking and beautiful people and whatever happens next week, myself, the rest of the Y6 team and your adults at home are proud of you and think you are wonderful!

SATs begin next week, please make sure your child is in school promptly at 9am.

Tips and tricks for next week:

- 1. Eat a balanced breakfast.
- 2. Get an early night and rest, for your age, you need about 10 hrs of sleep! Also make sure to avoid looking at a screen for up to an hour before bed so your brain can start to properly switch off.
- 3. Take a break and don't forget your hobbies
- 4. Go exercise physical activity is a great way to de-stress and give your brain a break! Try kicking a ball, go for a walk or a bike ride.
- 5. Post-it notes. These are a great tool for revising concepts that you are struggling to remember.

Reminders:

Wednesday 15th May - Kayaking

What an cracking week everyone! Have a sunny weekend!
